**Transferring Between HSR, Burlington Transit or GO Transit**

Fare Integration with GO Transit and Burlington Transit - When you purchase a GO Monthly Pass you can purchase an HSR Sticker for \$15.00 which entitles you to unlimited use on HSR routes. This sticker must be purchased at the same time as you purchase your GO Monthly Pass. For more information on GO Transit, contact them at 1-888-438-6646 or [www.gotransit.ca](http://www.gotransit.ca).

If you are travelling on both HSR and Burlington Transit (BT) buses, pay your fare when boarding the bus and ask for a transfer. HSR Operators will honour BT transfers and BT Operators will accept HSR transfers when you are transferring between the two services at the Aldershot GO Station. For Burlington Transit information call 905-639-0550 or visit [www.burlington.ca](http://www.burlington.ca).

## Take The Bus!

Bus Commuting means Less Pollution - It may be difficult to believe at first, but HSR buses actually benefit the environment. How? It's simple mathematics. A bus can carry the same number of people as 50 cars can....with 49 fewer exhaust pipes. Some of our vehicles are Hybrid - which means they run on electricity and diesel which is even better in reducing harmful exhaust emissions.

As individuals we can help decrease the harmful emissions by encouraging family members to try transportation alternatives and use public transit a few times a week; ride your bike or walk to the store; or let your kids walk or take the bus to school instead of driving them!

The term ALF refers to Accessible Low Floor.

ALF buses have no stairs which makes them fully accessible to customers who use wheelchairs, scooters, wheeled or unwheeled walkers or other mobility devices.

ALF buses are scheduled to operate on this route,  
18 - Waterdown.

The H.S.R. does not take responsibility for errors in this document, for damages or inconveniences caused by delayed schedules or failures to make connections.

Be at your bus stop at least 5 minutes before the scheduled arrival time.

## HSR BIKE RACKS

All HSR buses are equipped with a bike rack on the front bumper.

Each rack can hold a maximum of two bikes. The rack is built for bikes that have 16 inch (40 cm) wheels or larger.

Tricycles, tandem or motorized bikes are not allowed in the racks.

Bikes with large carriers or other obstructing accessories, may not be allowed in the bike rack. The bus Operator's discretion will be used.

If the rack is full, it is possible to bring your bike onboard if the vehicle is low-floor (wheelchair accessible), the wheelchair spot is not occupied and the Operator indicates that it is safe to do so.

It is the responsibility of the rider to load, secure and unload their bike. The Operator will not help in this process. The HSR is not responsible for loss, damage or theft. If you are unsure about the operation of the bike rack, ask the Operator.

Before the bus arrives remove any loose items from your bike such as water bottles, saddlebags or carriers.

## Christmas Time Service

**Christmas Service:** During the period between Christmas Day and New Year's Day, the HSR usually operates on a modified schedule on selected days. Some routes do not operate at all. Check with our Information Clerks or on the website for more details at that time.
